Your monthly payment is due for your Installment Payment Agreement (IPA).

Send us your payment by 6/15/2025.

Make your payment by:

- using our website (at www.tax.ny.gov), or
- mailing the IPA Payment Document below. Make your check or money order payable in U.S. funds to the **Commissioner of Taxation and Finance**. Write your IPA identification number on your payment.

If you completed an *Authorization for automatic payment deductions for your Installment Payment Agreement (IPA)* for this IPA, it may take up to 60 days to set up the automatic payments. We will notify you when the automatic deductions will begin. Until that time, we will send you monthly bills that require manual payment.

Important: In accordance with the IPA terms, your agreement may be modified or terminated if you:

- do not file current and future returns on a timely basis,
- do not pay all other tax liabilities on time, or
- fail to make the agreed payments, or
- submitted inaccurate or incomplete information prior to this agreement or fail to provide a financial condition update as requested.

If you do not send payment, the Tax Department may:

- modify or terminate your IPA, and
- take additional steps to collect the amount you owe, including, but not limited to garnishments, suspension of driver license privileges by the Department of Motor Vehicles, and seizure of real and personal property.
